Family Life Instructions

Families receive the Family Life book, letter with instructions, and assignment upon pick-up of materials. All the information needed to complete this assignment is in the letter. Please note: we reuse the Family Life books, so please do not write in them and make sure to return them with the assignments by January 15th, as we will use them for our weekly program as well.

Family Activities Log Instructions*

Students must attend at least 6 parish events during the year, and turn in the log by May 31st. Students must bring their activities log to each event to have them stamped (we will have designated adults at events to do this.) There are multiple options available that families can choose to attend; you can find these options here: <https://www.stjoans.org/parish-activities-for-families/> A parent or other adult must attend activities/events with children, unless otherwise indicated.

The activities log was distributed along with home study materials. You can also find the log as a [printable PDF here](#), and we have extra copies in the gathering room in the church (this is the room right next to the restrooms. *We recommend taking a picture of the log as your child completes activities just in case the log gets lost.*

*Please note that this aspect of home study is a requirement per the Diocese of Trenton Parish Religious Education Manual, updated in April of 2023.
